Re: Repeated contacts and requests for assistance

Dear Representative Cheney:

I have repeatedly requested assistance from your office to obtain your help in contacting the Federal Bureau of Investigation. I was the victim of interstate cattle theft and have suffered substantial losses. I have asked the FBI to investigate the matter, but have not gained their assistance.

My request of you is to contact the FBI to see if they investigate interstate cattle theft, and if they do not, then to learn why they do not investigate these crimes. You may or may not be aware that cattle theft, including interstate cattle theft, is a significant problem in Wyoming. As your constituents in Wyoming suffer significant losses each year due to cattle theft, I would hope that you would find interest in this issue.

I ask for your formal response to this request for assistance.

Very truly yours,

WILLIAM DOENZ
